## MEDICARE RECOVERY AUDIT CONTRACTORS ENGAGEMENTS

Created by the Revenue Cycle Analytics team at HSI RACassist™ is designed to provide varying levels of assistance to your organization to navigate the time and cost-consuming information requests and bewildering five level appeal process associated with Medicare's expanded rollout of its RAC program. RACassist™ consists of our team of industry renowned medical directors, MD's, nurses and other professionals working with our secure image repository of facility-specific RAC information requests designed to help ensure that your organization can respond timely and with maximum effectiveness to potential costly RAC recoupment's. Our process is typically organized as follows, but can be adapted to your particular circumstances:

RACassist™ Summary:

- A flexible service model – We can provide document collection and conversion services, secure document access, as well as review and appeal processing for your facility.
- Secure 24/7 access to chart images and reporting from our HIPAA compliant repository.
- Experienced professional review and appeal team.
- Transparent reporting - Your management team can quickly access reports that will disclose where each audited file is at in the process.
- Low cost - Fees are defined by how much of the RACassist™ program you use and can be arranged on a contingency basis.
